Enoch,

What a blessing God poured out on us as you played last night. Your music lifted us into the heavenlies. Thank you for sharing your music and your heart with us.

It is so obvious that when you play before the Lord, your spirit is fully engaged in worshipping Him. Your countenance displays the truth that you delight in Him. Thank you for the joy and privilege you gave us to come along with you into His presence and to worship our great God together.

Thank you for showing us your vision and your desire to be used by the Lord to minister to the children of the world. As we support you, we touch lives around the globe and especially in India.

Your visit in our church was a very significant part of what God is doing in this place to lift up our eyes to worship Him. Thank you for your ministry to us.

Rejoicing in Jesus,

Larry D. Purkey
